Important details about SUTIL Membership

Membership year is May 1, 2017 to Apr. 30, 2018. Membership is governed by the policies posted to SUTIL.ca. Members' representatives must be familiar with our terms, including rules about event attendance and schedules. If approved for membership, a summary of common policy/procedure points will be included with your invoice or receipt. Associate Members must contact event hosts in advance of each PSE Day to arrange attendance. Attendance at events is at the sole discretion of each host school and may be limited. If SUTIL receives complaints about a member, punitive measures, including membership termination, may be undertaken by the Executive. Events are typically scheduled between September and December annually.
